Session Description

This course is for executives and decision makers who are looking to get a foundational level overview of AI, ML, and cognitive technologies. This course will provide you with an introduction to AI concepts, key terms, conceptualizing probabilistic reasoning, and additional foundational level concepts needed to successfully craft and plan an AI strategy.

How to Download Slides

The screenshot shows a web interface for the 'AI in Government' event. At the top, there is a navigation bar with icons for search, events (41), session views (56), agenda (1), invited (0), and interaction (0). The main header is red with the event title and a description: 'Bringing together AI thought leaders in the public sector AI in Government brings together thought leaders in the public sector who are applying artificial intelligence, machine learning and cognitive technologies to a wide range of applications in the government sphere.' To the right is the 'AI GOVERNMENT' logo featuring a capitol dome icon.

The main content area is titled 'SEPTEMBER 2021 AI IN GOVERNMENT' and includes tabs for 'Session Detail', 'Presenters', and 'Sponsors'. The featured session is 'The Critical Importance of Data and AI for the US Army: LTC Kristin Saling, Chief Analytics Officer & Acting Director, People Analytics at The US Army'. It is marked as 'On Demand' and has buttons for 'ADD TO AGENDA', 'Add to Calendar', and 'Share Event'. A large promotional graphic for the session is displayed, featuring the event title, date 'THUR. SEPT. 23, 2021', time '11:30AM-1:00PM EST', and a photo of LTC Kristin Saling in military uniform. The graphic also includes the 'AI GOVERNMENT' logo and the text 'THE CRITICAL IMPORTANCE OF DATA AND AI FOR THE US ARMY: LTC KRISTIN SALING, CAO & ACTING DIR., PEOPLE ANALYTICS AT THE US ARMY'. Below the graphic is a red button labeled 'View Session'.
